Project Management

Job description:

The Top Line Lab is a fast-growing data-driven consulting company in Pricing & Revenue Management, which aims to deliver advanced Pricing Transformation with a Modern approach, combining consulting methodologies, data science and software production.

Given our current growth in a very fast-paced environment, we offer exciting opportunities for entry-level, junior and senior people at our European headquarters in sunny Barcelona and looking particularly for a **Business Analyst**.

Your mission:

Our business is built on a data-driven culture, and our analysts are involved in delivering smarter pricing & revenue management decisions for our clients. You will work on real-world business problems - It's not just about crunching numbers - as we leverage data to generate insights that are used to make strategic decisions.

This role involves dealing with complex data and requires a candidate who is comfortable thinking of innovative ways to analyse data, create a comprehensive story and strategy out of it.

Tasks and responsibilities:

- Be a key asset for contributing to our Data Product roadmap development
- Work closely with the Partners & Consultants to deliver data-driven decisions to our clients and help them progress in their pricing journey
- Deliver actionable insights during project assignment
- Anticipate trends, identify and help to capture new opportunities in the world of data
- Share with the team and support the development of our internal and our company's analytical skills.

THE TOP LINE LAB
